Â Your Introduction to Education, 3/e takes future teachers into an authentic classroom to empower them to explore content and classrooms, reflect on what they're learning, and develop a sense of the kind of teacher they aspire to be. In these pages, readers discover whether teaching is for them and, if so, what they may be like as teachers tomorrow. Here readers explore the concepts through the real-life experiences of 10 teachers and 12 students from four schools across the urban, suburban, and rural landscape of the United States. It's a real-life demonstration of what teaching is really like through classroom scenarios and person-to-person interactions, both by word and through hours of video. Today's current, relevant issues in education are discussed in engaging ways, and both the art and service of teaching and the science of teaching are presented in an accessible writing style that grabs and keeps students' interest as they move through the concepts they will encounter in their own classrooms one day. The Enhanced Pearson eText features embedded video, embedded audio, and chapter review questions.

Not happy that this kindle version wasn't compatible with my surface pro 3

A great book if you want to know about education or are going into the education. For me this book was a requirement for beginner education classes. But i also found it usefull in other means like psychology classes. And will keep this book for further references. I got the loose leaf version. But feel free to get whatever works for you

Everything it said I'd get. Although I don't know if pages are supposed to be colored or not. *they aren't colored*

Was late !! Almost 100 dollars and it was thin paper

my daughter bought this for one of her college courses.

exact book needed

Eh, I had to get this book for my education class. It came on time, was what I expected, and was in brand-new condition. What more could I want? Well, maybe if I'm going to spend almost \$100 on a LOOSE-LEAF BOOK THAT I HAD TO BUY A BINDER TO BE ABLE TO USE, then make the pictures inside colored! It's like I'm reading the information off of a bloody newspaper! What the eff.

very patient and helpful. fast shipping. I got it in the mail and it came in a nice case which I enjoyed. I love the feel and how heavy it is. When I got it, I immediately washed it and tested it out and it cut through some peppers like butter. I really liked it. I will recommend it to my friend. she says it is very beautiful ,
