## Synopsis

This guide is designed for optimal navigation on eReaders, smartphones, and other mobile electronic devices. It is indexed alphabetically and by category, making it easier to access individual articles. Articles feature information about attractions, landmarks, districts, transportation, cultural venues, dining, history and much more. Addresses, telephones, hours of operation and admissions information are included where possible. The guide is complimented by clearly marked maps that are linked to city attractions. An interlinked phrasebook as well as a pronunciation guide are included. **NEW FEATURE:** The attraction articles now include links to Google Maps. On a dedicated electronic reader with a slow connection and a primitive browser, Google Maps will display the attraction on the map along with metro stations, roads, and nearby attractions. On an internet-enabled device such as the iPhone and the iPad, Google Maps will even show you the route from your current location to the attraction you want to go to. With this travel guide you can turn some eReaders into audio guides. For example, on the Kindle, just open an article and click Shift+SYM to activate text-to-speech. Put the speaker on the back of the Kindle against your ear and enjoy your virtual travel companion. Press Spacebar to pause/resume text-to-speech. All travel guides in the Mobi Travel series are only \$4.99 or less. Search for any title: enter mobi (short for MobileReference) and a keyword; for example: mobi Paris.

## Customer Reviews

Travel Mecca and Saudi Arabia - illustrated guide, phrasebook, and maps. Incl: Mecca, Medina, Riyadh, Jeddah and more. FREE general info, basic phrasebook, and a map in the trial versionA detailed look at Saudi Arabia. The guide provides enlightening information about the Kingdom. This balanced and comprehensive ebook is complete with remarkable color photographs. This is an impressive tour de force that is also clear and readable.

Pretty good but in last three years there has been a lot of changes.

All printed guides to the country, which is mainly Lonely Planet, either omit totally Mecca and Medina (2007 edition of Arabian Peninsula) or give them just a few pages (2004 out of print edition of Saudi Arabia). There is no printed guide in English to cover the Holy Cities at the moment, so this is a must.
