Customer Reviews

"I'll be going on my first cruise this July. Read several books on first time cruising, preparing for a cruise, packing for a cruise, etc., but not one had this much information. Entertaining, informative, and never, ever boring. Hard to find a book that's so jam-packed with information and yet made me smile--and sometimes actually laugh--as stories were presented showing why a particular hint was so important. I would recommend this book to anyone, whether it's their first cruise or not. Just sorry I did not read Deb Graham's book first!"

"My wife and I found this book to be very helpful. We have yet to take our first cruise but we have one booked and after reading this we are planning two more!" "This book was well written and quite helpful for a cruise we're embarking on in a few days. She clearly has relevant, recent experience. I

appreciated that the points were concise; at no point did I feel like I was reading superfluous embellishments." "Lots of great tips and information for the experienced or new cruiser. Enjoyed this book and recommend it to one and all!" "Full of common sense tips that leave you asking 'why didn't anyone tell me that before now?' Stories were hilarious--I'd love to meet the Cruise Addict's Wife in person!"

I've never cruised before. My wife and I are going to Hawaii. After reading this I had a much better understanding of shipboard life and "cruising". And I had a few items to add to my luggage to improve our vacation. I'm looking forward to the cruise now and appreciate the advice. Happy sailing

Although I am an experienced cruiser, I enjoyed reading Debbie's ideas. I didn't always agree (I pack a month in advance and then eliminate about half), I did learn some new things.

I really enjoyed reading this book. I've never cruised before and I have a good idea of what to expect and how to plan my trip. So glad I bought this book.

This is a fun book that is really good for somebody who has never cruised before. It is interesting reading for us seasoned cruisers as well. I learned a few things and had some smiles along the way. This would make a great gift.

Thank you, thank you. There were things in here that I had not thought of in this book and we have 7 cruises under our belts. We try to take two cruises every year since our first in December of 2013. We are retired on a fixed income so more than two is pushing it. We have asked our dining room servers for ideas and have gotten great ideas. I will have to say that my hubby and I are both addicted to cruising and booked our second cruise while still on the first one.

This was a very good read for a rainy afternoon. It was informative and interesting. I am going to get her book about the Mediterranean.

I enjoyed this book . A lot of good tips. We have been on 2 cruises and some of the things she talked about reminded me of our trips. We are planning a cruise in a few weeks and I have added a few items to my packing list based on her recommendation s. A very good read!

Reading this book was a great way to build my anticipation for our next cruise! I've gone on a few cruises, and I picked up some useful nuggets. I really enjoyed reading about the way this author and her husband do cruises... Everyone does it a little bit differently. Sprinkled with entertaining stores. For first-time cruisers, I can't think of a better book or resource to suggest.
