A Sheriff's Bride
When a youthful indiscretion ruins Beatrice's matrimonial prospects, her mother resolves to take her daughter away from Boston and present the lovely young heiress as marriage bait for the titled lords of England. But Beatrice wants to be free of the stately traditions of Boston. That means flouting convention, answering the advertisement for a mail-order bride, and leaving everything that's familiar.

Montana Bride
Rachel is young, beautiful and living an active and coveted social life. She has grown up in comfort, nestled in the bosom of a well off family and surrounded by the crÃªme de la crÃªme of society. Perfect as Rachel's life appears from the outside, she cannot find meaning or happiness in it. Bored of the parties, frustrated with a fickle society and seeking out adventure in place of monotony, Rachel makes a life changing decision, one that takes her far from her stately manor home, to an almost unrecognizable place, almost half a world away.

Customer Reviews

It's a joy to read such interesting stories. Even though the stories are short, they are long enough to get you caught up in the story of each woman. I love reading stories where even though it seems as if there can't be a happy ending, there is. Mail order bride stories are a balm to me after a busy day.

I can't believe I've read all 24 books in this set in less than a week but here I've finished and I'm wanting to read more, I've laughed and cried along with the characters in these stories I've been so caught up in them that it feels as though I lived them. That's how this author pulls you in. I'm truly delighted with my purchase of this book and I recommend that you get your copy and enjoy them as much as I did I don't think you will be sorry you did. Believe me I'm not.....

This collection of diversity books is one of the best collections! Please read and share in triumphs,

loses, fun, laughter, love, tenderness, and every emotion thinkable!!!! received this book for free and voluntarily revised it!! Very worth anyone's time!!!!Kathy

I really enjoyed these stories. They are great short reads I can finish in less than a day and not have to worry about staying up all night to finish a book I can't put down. It had just the right amount of detail without over killing it. Every story kept my interest and I highly recommend this box set!

I could not even make it through the first story before I gave up and wrote off the .99 I spent on it. Why? The author seemingly failed to secure a good editor (or a failed attempt to self-edit?) because the typos, grammar, and general sloppiness were evident on almost EVERY page. This reader/reviewer cannot abide such a careless presentation. The writing itself, for me, seemed amateurish and clumsy with an over-abundant reliance on the predictable clichés that inhabit this genre. Without apologies, I am being generous giving this work even two stars. Don't waste your time. There are a multitude of other more professional offerings out there instead.

I loved reading these stories. I'm not sure it was mentioned in the description but these are all Christian based stories. Both the brides & grooms in each story had a faith based knowledge that God was involved in their lives. I really enjoy romance stories that imply what happened but don't go into detail. This set of stories are suitable for all ages of readers.

I really loved the really great stories in this book. I could not put the book down till I finished reading all of them. Thank you so very much for writing all of them.

Was not a great story
