Customer Reviews

This book offers several things:1. By going outside of your comfort zone and thinking outside of the box (pretty much forcing ourselves to go against our natural instincts, it makes us (as women) build confidence, build a better social circle (rather than giving it up!) and discover new interests/talents.2. It gives us clarity to evaluate our true feelings in the partner we have. Perhaps they aren't who we thought they were, aren't exciting enough for *US*, aren't meeting our needs or will never step up. Who has time to waste!?!3. It teaches us not to lose ourselves...which we ALL do to some extent. The longer we allow it to go on, the longer and harder it is to find ourselves again.4. Develop enrichment in all aspects of ourselves and partners.Just read it...

Quick and easy read. Has several very good points It. "Never be too available" was very valuable to me..I'm going to read some of his other books.

I thought this book gave great insight into a man's world. Most of its content is common knowledge, but does anyone really take the time to fall back on what we already know? Heck no! Good to know

we have this book to remind us to slow down and pay attention.

Why you need to be happy with YOU. (From an alpha male author's perspective.) Everything I have read by this author is consistent and reinforces the same theme. How is it I am just NOW learning this?!

Charlotte A. Nieman, RN BSN MBA

All I can say is these tricks worked. ;)

Love it!!! He gives you real life examples of what to do...This book is sooooo real that it works!!! Just have confidence!

To the point...I've changed a lot about the way I approach dating now! Thank you very much for your insight !

Just had a break up. I'm 54. Men tell me I'm stunning. I have no problem getting laid. I have problems keeping a boyfriend and when I have, I've gotten really bored. What gets old for men in a relationship also goes for women. Routine is boring. But I realize I have been doing things wrong. I'm too available. I'm too accommodating. I'm too early to jump in the sack. It's hard for women to say no when they like a guy a lot! But I think you are right. I love your book and I will read it twenty times before I start another relationship. I'll also go pursue my "things" and focus on my self esteem coming from me and not from the opinion of a man. I wish I would have had these tools thirty years ago, but hey...It's never too late!
