The Best Unofficial Practice Tests For The Middle Level ISEE

Synopsis

This book contains 2 full-length practice tests for the Middle Level ISEE based on the latest guide published by the ERB. The tests in this book will give you an idea of the types of questions you will see, the concepts that are being tested, the format and timing of the test, and a sense of how the scoring works. This book only includes the tests -- it does not include content instruction. It is designed to complement the other Middle Level ISEE publication from Test Prep Works: *Success on the Middle Level ISEE: A Complete Course* -- This book provides comprehensive instruction on the content and strategies required to ace the Middle Level ISEE, including vocabulary lessons and drills, math content lessons and practice sets, reading strategies and drills, tips for the essay, and one full-length practice test (with different questions than the practice tests in *The Best Unofficial Practice Tests for the Middle Level ISEE*, so there is no overlap between the books.) These books can be used independently, or they can be used to complement each other, depending on the needs of your specific student. Please note that the tests in this book are neither produced nor endorsed by the ERB.

Book Information

Paperback: 150 pages

Publisher: Test Prep Works, LLC; 1 edition (June 21, 2014)

Language: English

ISBN-10: 1939090148

ISBN-13: 978-1939090140

Product Dimensions: 8.5 x 0.3 x 11 inches

Customer Reviews

Christa Abbott has been a private test prep tutor for more than a decade, helping her students gain admission to some of the top independent schools in the country. She has now used that experience to develop materials that help students prepare for independent school admissions tests. The approaches used in these books are based on the latest research about how students

learn, so that preparation can be an effective and efficient use of time. These materials are also written to be developmentally appropriate for the ages of the students taking the tests. Christa is a graduate of Middlebury College and received her Masters in Education from the University of Virginia, a program nationally recognized for its excellence. She resides in Arlington, VA with her husband and three children. Christa continues to coach students one-on-one in the Washington, D.C., area as well as students all over the world via the internet.

Two really easy practice tests with no explanations for the answers. I don't think it will help get a better score, other than get familiar with the question types.

I was very happy someone went to the trouble to design more practice that is outside of the big test prep companies (like Princeton and Kaplan). It is good extra material for prep during "SHSAT Season" but I found some of the items dubiously difficult.

I agree with Kelly's review. After taking the ISEE, my son remarked that these practice tests were easier. This book is not up to speed. There are not a lot materials out there that are focused on the Middle Level Test. You will find lots for the Lower and lots for the Upper. Middle Level gets short shrift and this book is lacking, too. Not only are these TWO tests easier, but they don't even LOOK like the real tests. You'll have to do your best with the small amount of material for the Middle Level test you'll find in larger test prep books. Skip this one unless you are desperate.

This book offers two full-length exams which is good practice for the actual exam. I would recommend this book as a useful, secondary test guide and will be best used along another book that gives more examples and explanations.

Got my son prepared for the test.

Excellent material to review for middle level ISEE students!!

My son used this and got the highest score possible on ISEE! Thanks.

This book has 2 good practice tests and that's it, pretty much. They give you the answers but no explanations.
