Flower Fairies Magical Doors

Synopsis

What happens when a little girl moves into a new house and discovers a tiny door? One day she manages to open it . . . and her world is forever changed when she gets her first peek at the homes and the magical world of the Flower Fairies. As she starts to explore her neighborhood with a friend, they discover that there are more doors—all leading to the most secret of fairy places. Filled with gorgeous paper ephemera, pop-ups and special interactive features on every spread, this beautiful novelty book leads the reader to eight fairy doors to open and investigate. Each door has its own individual shape, color and characteristics—some are decorated, others have little signs or notices, a set of footprints leading up to it, or magical fairy glitter at the doorstep. As the book progresses, more of the fairies and their world are revealed, culminating in an exciting and secret fairy nighttime ball. Choking Hazard (1); Not for children under 3 years. Customer Reviews

Cicely Mary Barker was born in Croydon, South London in 1895 and died in 1973. She found international acclaim as an artist with her delightful Flower Fairies books the first of which, Flower Fairies of the Spring, was printed in 1923.

I love this book! Great details and wonderful artwork. I will enjoy sharing this with my granddaughters.

My 5 year old granddaughter was in awe. She loved it! Beautiful book.

Wonderful Fairy book with some pop-up features. Very fun read with a child.

Beautiful illustrated! My 6 year old loves it, she was so excited!

My daughter loves it. Has that "old classic" look and feel.

This book is so cute!! I didn't realize it was so big and so interactive inside. I got it because I wanted something to sort of "explain" the fairy door I bought for my daughter. I think this would work well for that. I may not give her the door but I'm still going to give her this book because it's so great.

This book is a big hit in my house! It went perfectly with the fairy door I bought for my daughter! Even my 2 year old son sits quietly for this book! Tons of pop ups and great for the imagination

Love it!
