Essiac: A Native Herbal Cancer Remedy

Synopsis

This book gives a complete account of the recipe, the doses and of Essiac's uses now available through health food stores. Tells of experience of patients who have attained relief or regeneration from this remarkable herbal preparation. Do want the same cancer cure John F. Kennedy's personal physician used to completely cure his own cancer? This book is a compilation of research, data and testimonials about Essiac - the herbal based formula who have helped thousands attain relief and regeneration from cancer. You will learn how to safely navigate the preparation, doses and uses of Essiac. Included is the history and development of this ancient healing remedy. The originator of the formula desired that the people who need help would get it without interference from any medical establishment. She treated thousands of people with this formula with an 80% recovery rate.

Customer Reviews

Researcher and author Cynthia Olsen has written several books about natural and alternative health care.

I chose this rating even though I have no cancer, and am just now taking this tea. I have done great research and read many reviews and a few books to get the story of this tea. I really enjoyed seeing and listening to Rene Caisse herself, on Youtube in an interview of many years passed. It was amazing. If you have not seen and heard this truly magnificent and selfless woman, please go to

You tube and listen to, and see her. I lost a sister to cancer in 1995, and a sister to diabetes in 2012. Had I known about this tea, and the cancer curing and diabetes curing properties, they may still be with us today. My husband and I are taking this tea after I researched it. My daughter in law had part of one breast removed due to cancer. I bought the book, "Essiac" for her and my son to read before taking the tea. Do your homework and read this book to know why and what, the protocol, and expectations are when you start this tea for a specific illness, or just maintaining your health. Not only would I recommend this book to everyone who wants to stay healthy, I am buying books to give to others to spread the word about this apparently remarkable cure for cancer as well as other diseases.

It only explains the Old Indian Formula of 4 herbs instead of 8 that Rene' Caisse worked with., it's brief and helpful.

I finally learned one of the best kept secrets for Cancer without having to rely on harshful chemicals that in the long run damage even your healthy cells. I love this book, really opened my eyes to a different, more natural aproach.

I already had purchased The Essiac Report, so did not learn much new from this book. If you want a much shorter read about Essiac, this will do.

I recommended this book to a relative with breast cancer. There's no way to say how well it performed, but it definitely improved the attitude and outlook of my sister with regard to her potential to recover.

I've purchased many of these to give away and will continue to do so.

There is another book also written by the daughter of the Indian woman.

Very informative, enjoyed this book.
