## Customer Reviews

I downloaded this book as a free Kindle download (just happened to stumble across it when it was free) and was totally shocked by how good it was. If I had to pay full price just to keep this book in my library, I would. This will be my 14th year of homeschooling, and every year I go looking for inspiration at the beginning of the year. This year I found it. There was not a lot in the book that I didn't already know, but there was a LOT that I needed to hear again, and it was written in a way that I felt encouraged, not put down. Mrs. Leigh gave advice on habits, mornings, schedules, chores, meal planning, exercise, and decluttering. Yep, she hit on every problem area of my life. She also gave many links to other authors who go into more detail. I have read many of the books that she recommended, and that just makes me more excited to check out the others, as all of the ones that I have read are very good. Thank you Katherine Leigh for getting me ready to start school yet again!! I highly recommend this book for both new and old (and everything in between) homeschooling moms.

Absolutely loved this book! It was a great RESET for my home and personal mindset. I felt like I was sitting on the couch having coffee with Katherine Leigh - such a practical, honest read. It will be an every summer read from now on!

This book brings us back to the basics. We get so caught up on the newest ways to manage our lives we forget the basics. Thank you for reminding us how easily this can and should be done.

This book was an easy read and so full of great tips to a more peaceful and organised home. It covered all areas from health, homeschool organisation, decluttering and menu planning. I can wait to put these things into practice.

I loved reading this book as it was like hearing a friend give me her best advice in a friendly conversation.

I loved this amazing Homeschool book, I only have 2 children but there are so many amazing tips in here that have helped me as a Homeschool mom!!!

Exactly what I was looking for. General advice and guidance.
