Customer Reviews

I started a position mid-year teaching Spanish II and this is my first time working with the Realidades curriculum. Because it always takes schools forever to purchase materials, I decided to purchase this workbook on my own. Currently, it has saved me LOTS of time when it comes to creating worksheets that reinforce the material covered in the Realidades curriculum. I seriously love it. It has been a life-saver!

refreshing my spanish

Goes along with Text

I bought this used from a seller for less than \$10 my school wanted \$25 except my schools are the cheesy soft covers the deteriorate quickly. The one I bought here was bound in a hard cover and stayed together all year round! My classmates were jealous.

This is part of my son's high school curriculum and he likes it. He is at a private school which is

known for academic excellence. i looked through the workbook and being Spanish speaking myself, find that it is very well set up.

Arrived on time and as stated.

Good book

GREAT I LOVE THIS PRODUCT WILL BUY AGAIN.
