## Customer Reviews

Tattoo Johnny is the largest supplier of designs to professional tattoo studios around the world.

I don't see how anyone could give this book anything but 5 stars at this price. Are there better tattoo books out there? Absolutely! Are there cheaper tattoo books out there? Maybe?(but they will be in Chinese) But, I highly doubt that there is a better tattoo book out there for even half the price. Most really good quality tattoo art books cost over a hundred dollars and this is not that type of book in the least. It is the type of tattoo art book that you can let young half drunk clients look through without having to worry about your investment. For less than ten dollars, it is practically disposable! If you are in any way interested in or associated with tattoos, get yourself this book. For less than ten dollars you get a nice little book with tons of decent designs in different styles and categories. I just wish they would release more of these books at the same price! Yeah, I'm talking to you Johnny!

This tattoo book is amazing it has great colorful detailed pages of different varieties of tattoos. I

bought it along with a tatto kit for my son's 19th birthday and he couldn't wait to start practicing. I prefer books over the internet any time. Flipping through pages is so much better than scrolling down..lol just my opinion. You will love all the beautiful art in this book as well and you defiantly can't beat the price any where. I HIGHLY RECOMMEND THIS TATTOO ART BOOK!!

I bought this thinking it was a coloring book but I don't care. It is a beautiful, well crafted book. Now I want a tattoo.

Just got my book today and it's awesome!!! I'm in love with it. It's exactly as described and advertised. A deff must for art lovers of all kinds!!

Very nice art work. I do not use it for tats. I tansfer them to B/W for engraving and etching. Seems to work well!

Perfect for a friend in jail. I love this product. It amazes me the simplicity of use and the all around amazing design and function. I highly recommend it to anyone who is shopping around. I find the price was just right and had to purchase it when i did. the design and the quality of the product is awesome. 5 stars easy and would totally recommend to my own mother. Wow. Just wow.

This books has helped my drawings tremendously and inspired some tattoo ideas.

Tons of great designs. A good buy for the price!
