Soul-Mate (The Immortal Love Series Book 1)

Synopsis

Annabel is a bad-ass hybrid hunter, seeking revenge from the vampire who killed her parents and put her brother in a coma. Arriving in a new town with an undercover identity to protect and the mission to find a pureblood vampire to save her brother's life, the last thing Annabel needs is to fall in love with the sexy, persistent werewolf who thinks she's a helpless human in need of a knight in shining armor. Shane is a dominant werewolf who also happens to be the local sheriff. He has almost lost hope of finding his better half. So when his beautiful soul-mate shows up and rogue vampires try to kill her, he does what any smart wolf would do: he saves her and takes her home, hoping to convince her that they belong together. When sparks fly between them, Annabel has to decide if she tells him who she really is or runs the other way to protect her secrets. This is Book One in the Immortal Love Series, and it's also a great standalone paranormal romance with a HEA. No Cliffhanger. This story is steamy, sexy, and a page turner. Book 2&3 already available with a new feisty heroine.

Customer Reviews

From the very beginning you jump right in to the story. There is no jumping around and rushing.

Anna is a great character with a tragic past. She was led to believe that since she was born a Hybrid she'd never find true love. Yet love always works in mysterious ways. This is a very hot and sexy book! I love to read books that are like this. A little of this and that with an actual story line to go along with it. The main focus wasn't about sex, but about each character and how they support each other.

I enjoyed Shane & Anna's story, and the progression of their relationship. The supporting characters were strong, and the villain scary bad. Overall a good read, after a somewhat slow start. I'm looking forward to reading the next book in this series!

The book as a whole was good. I did feel like the ending was drawn out and wordy for no reason. Just a lot of redundant things

I had a lot of fun reading this book! It had a real storyline! Awesome! I am interested in reading the next book.

This book was ALL THAT and then some!!!! I am jealous of the people reading book 2, as I can't at this time. This is an author I will follow. Looking forward to more fantastic stories by her. Keep up the great work.Bethy

Wonderful book. I really liked Anna and Shane the main characters, and of course the bad guy Alric even seems like he is going to be very interesting to read about. There are many interesting characters in this book that had me glued to the pages from start to finish. If you like vampires and/or shifters you will enjoy this book because it has both along with a few witches and hybrids. Can't wait to read the next book and see where everyone ends up....This is great!

My Rating: 5 stars Sparks fly when Annabel's world collides with Shane's world. Hiding her dark past, Anna can't help but feel the pull to give into Shane. No matter how hard she tries, she just can't get away. With Anna's hybrid side, she is on the hunt for a cure to save her brother Kevin, who has fallen into a coma. Can she trust Shane? The werewolf who promises her everything? Will she find what they need before it's too late? I found that I really adored this story. I think that when Shane and Anna met they have this instant connection. I loved that on certain parts of the

book I got to see his POV as well. I think it really brought more to this tale and the characters. This is the type of book where you get the backstory the more you read (which I liked). The action was great, badass women who can fight~perfect! Toward the end of the story, we get to see a new POV introducing the villain. In the chapter you really get to see just how mad and crazy he is. I felt scared for the characters myself. We have the chance to learn a lot about the man, and what he is really like. I was a bit upset that we didn't get to see certain scenes between Anna and Shane, it was talked about in the book but the reader doesn't experience it, we just get to know that it happened. On top of that, I saw a few sentences in the story that just sounded off. Along with a couple of editing quirks, but I am sure that is something to be fixed. In the end I think the story, plot, and idea were great. The author wrote the characters perfectly, and I could see myself reading the next book. She had a nice balance of details, and a nice writing style. Every writer has a different way of doing things, but I liked hers. It is defiantly worth a read.

This was a beautiful story of Anna and Shane's love. Santos wrote an intriguing, complete story, kept us interested in the other characters, and left us wondering about their future adventures without leaving us cut off by a cliffhanger. Santos just earned herself a new fan, and I greatly appreciate her work.
