Just Add Color: Mid-Century Modern Mania: 30 Original Illustrations To Color, Customize, And Hang

Synopsis

Who doesn't love to color? As an adult, now that you can stay in the lines, you only need to think about what color to use! Rockport Publishers presents a series of grown-up coloring books for art and design lovers. Just Add Color: Mid-Century Modern Mania includes 30 original designs from artist and illustrator Jenn Ski. Each book contains 64 perforated pages to make it easy to share, frame and hang your artwork. You'll be inspired by the sumptuous artwork in this book, and the use of color is endless. Relax, enjoy your creativity and Just Add Color.

Color These beautiful line drawings can be filled in and colored any way you want. [View larger](#)

Add to Your Decor When you're finished coloring, simply remove the perforated pages, place them in a frame, and hang them on your wall. [View larger](#)

Jenn Ski is an artist and illustrator with a passion for modern and mid-20th century art and design. She holds a BFA in Graphic Design from the University of Massachusetts and her illustrations have

been featured in countless publications and products, both in the US and abroad. Jenn lives in Bedford, New Hampshire, with her husband, Al and their cat, Floyd. www.jennski.com

I received this book yesterday & I could not be happier. The subject is not what I am used to, which made me happy. It's full of furniture, lamps, bowls, room design & memories of my grandparents house. If you grew up in the 70's, you knew people who had this furniture. The book itself is what you would expect from the Just Add Color series. Thicker paper, printed on one side, bold lines & what I like best is the details. There are details but not overly intricate. If you use marker make sure to put paper between the pages. I have not started coloring yet, but I have found myself flipping through the pages several times just to admire the artwork & reminisce about this time.

this book is probably best for colored pencil and gel pen enthusiasts. i use markers because of my arthritis, but because the paper is somewhat slick, the marker does not absorb into the paper--it pools. i will keep for friends to enjoy.

This is a step back to the fifties, sixties , growing up during that time there were things in this book I remember seeing. The book is a real hoot-I mean that in a good way-and it was so much fun to recreate through color a forgotten era. Remember the starburst clock? how about atomic curtains? Those things are in this book.

When I first discovered adult coloring books, I enjoyed the novelty and colored beautiful flowers and mesmerizing mandalas. Then I stepped into paintings by great artists. I've taken trips to Secret Tokyo, Secret Paris and Secret New York. This book takes you back in time. Something new, different and wonderful.

Like all the titles in this series, this coloring book is extremely high quality. I own almost all of them, and consider them my "special" books, only to be colored once in a while, or I'd blow through them very fast and be left with nothing special. Mid-century Modern Mania lives up to the standards of the series - thick strong paper, decent perforation on each page, well-designed images, not too much shading or tiny sections that show the picture wasn't drawn with coloring in mind. The images in this book are unusual for a coloring book. Living room scenes, pages filled with bowls or kitchen utensils etc. (Without the book right in front of me, I can't give many examples.) It may not be the best one or a new colorist to start with, but once you get used to the more basic titles, this one is a lot of fun to

color. I've enjoyed coloring several of the room scenes with color schemes I remember my house had left over from the 60s and 70s. Hopefully new books will continue to be added to the Just Add Color series, as I can't get enough!

Beautiful designs for the mid century enthusiast!

Simply put, these are great designs. Lots of fabulous ideas for drawings, borders, or artistic designs. You can experiment with colors and shading. A great resource for the artist, either pro or amateur.

Such a fun book! I really enjoy these types of pictures, mid century modern is one of my favorite "eras"! I was thrilled to get this one
