Customer Reviews

I really liked My Stepbrother Billionaire, the newest offering by writer Alexa Davis. It was a fun beach read with enough twists to keep this reader interested and staying up half the night! The main characters are believable, flawed human beings who want to find that special someone but each was burned in a previous relationship and is now a bit shy to seek or make a lasting connection. Then they meet, and WOW do sparks fly!Writer Alexa Davis does a great job of setting the stage and developing the back story for each of the main characters and their secondary friends. A series of knocks has our heroine, Zoey, slugging through life as a workaholic zombie. She realizes that changes need to be made and decides to grab her best friend Carol and go to New York. It seems Zoey needs to speak with her fatherÃ¢ÂÂs lawyer to solve a mystery she feels compelled to

unravel. However, she sells the trip as a "forget that jerk" treat for her best friend Carol, and an opportunity to shake things up and get back into living for herself. Their first night in NYC, Zoey and Carol decide to go party at a club near their hotel. While at the club, the girls meet a group of firemen, but even better, Zoey falls in lust with hunky fireman, Ramon, an all-around great guy. The twists and turns that follow had this reader laughing, crying, frustrated, delighted and wondering if wouldn't be a great Hallmark movie script. However, Hallmark will have to tone it WAY DOWN since the scenes between Zoey and Roman are HOT. The initial chemistry ignites into a fire which leaves both Zoey and Roman changed. Will Zoey and Roman burn hot and then out, or will they build a fire which can last a lifetime? Guess you will have to purchase a copy of *My Stepbrother Billionaire* by Alexa Davis for yourself! While I received an ARC copy and am submitting this honest, voluntary review, I plan on purchasing *My Stepbrother Billionaire* by Alexa Davis today! Happy pages! ~ ~ ~

I voluntarily reviewed and advanced reader copy of this book. This book was great! It is so hard to talk about it without spoiling it for others! I had 3 paragraphs written but deleted them because I don't want to spoil it for anyone else. Zoey and Roman grew up and were raised in two different places. Zoey was adopted by her parents and Roman was raised by a single mother. Things happened in both of their lives and they were awarded a settlement of one billion dollars from a deceased relative. Zoey and Roman meet because she goes to New York looking for answers from her father's lawyer. Zoey and Roman meet and hit it immediately. Their chemistry is off the charts. Due to past circumstances they do not think this could be anything more than a weekend fling, as Zoey lives in North Carolina. They make the most of their time together. Zoey gets information from her father's lawyer that devastates her. She lies to Roman about leaving to go home earlier than planned. Roman is crushed. He can't stop thinking about Zoey. He tries calling and texting but she does not return his calls. They both try to move on but things happen and they are brought together again. Only this time Roman comes to North Carolina. Will Zoey and Roman find out how and why they have been brought together again? Will this news be the end before they can even begin? Read this amazing story with lots of twists and turns to keep you hooked. This is one book you won't be able to put down!!

I voluntarily received this ARC for my honest review. This is the story of Zoey and Roman who find themselves attracted to each other, have a great time being in each other's company, and find they fit together so well in all ways. They have sizzling chemistry and, naturally, hot intimate scenes. You

can expect no less from Alexa Davis! Before they meet, Zoey's adopted father dies unexpectedly and finds out that there was another heir to his estate. She travels to New York City to find out who the other heir is. While in the city, she goes out to have some fun and she and her best friend, Carol, at a nightclub. This is where she meets Roman, a firefighter (my favorite type of book boyfriend!). Sparks fly, they spend some time together, fall in love, and then Zoey finds out from her father's lawyer who the other heir is. She is heartbroken and freaked to find out it's Roman and that he is her stepbrother. She goes back home without telling Roman. It is not until Roman goes to seek out her family to find out who the other heir is that he finds out it's Zoey. They have to figure out where they go from there. Both of them try to deal with the step-sibling issue even though they didn't know about each other until now. They are so great together. They have great friends that help them through. The story ends nicely. A satisfying and pleasant read. I like this type of stepsibling romance where they did not know of each other until they meet for their first time as adults.
