This was quite a good book. The author makes it easy to learn self hypnosis and his scripts are quite good and useful. I was suffering from chronic back pain and this book together with several others I purchased were extremely helpful in eliminating my problem.

Easy to use self-hypnosis scripts. You could probably make your own scripts or modify the ones in the book to suit your purposes. I plan on modifying the tennis, exercise and money related ones to personalize them and that will make them more effective and potent for me. I already did them in stock form and feel some results but they would probably work better for me if I change the wording. Worth a try, I got it as a borrow from the Kindle Unlimited subscription.

I think it is okay if you are highly suggestible and determined to succeed by reading over and over.

Jury still out. Presently being tried. Results to follow shortly.

I love this idea and the ease of putting it into use. The author makes it easy with very clear instructions and good organization. The scripts are beautifully written. I felt like he was tapping into my mind!

Nice book!

Great. Read all of FRBs books.

Excellent book! I use all of this author's Self Hypnosis Books as references depending on my needs at the time. Mostly for learning to get rid of bad habits. Very effective if you stick with daily 10 minute sessions.
