# 44 Secrets For Great Soccer Goal Scoring Skills

## Synopsis

How to Score Many Goals Even if You are a Rookie? Many soccer players new to soccer believe that you have to pose exceptional skills in order to score many goals. This is far from the truth, because even a player with very basic skills can score a lot of goals if he knows how. I will reveal how you can do this as well, even if you have only played soccer a few months. How to Avoid the Biggest Goal Scoring Pitfall? There is one pitfall — yes, just one! — that separates the pure goal scoring machines apart from the average ones who barely score goals. Which one would you rather be? This pitfall is something you must avoid if you want to score goals game after game and separate yourself from the average soccer player. While this pitfall can seem obvious most players get trapped in it, which is why they rarely score any goals during their soccer career. The Missing Link: Having a "Nose" For the Goal! I'm sure you have faced players that seem to have an incredibly ability to score goals from nothing. Often, these players are referred as the ones who have the "nose for the goal" and it's easy to think that they have some extraordinary skill. I'm here to tell you — they don't... and I can prove to you in this guide that is going to be an easy reference for you. However, this is far from the truth and you can also become one of them if you have the right tools. How to Turn Keepers Mistakes into Goals Most keepers make mistakes soon or later and your job is to be there when it occurs and turn their mistakes into goals. However, the truth is that most players never bother with taking advantage of this because they don't do it right. I will reveal how you can be first on the ball when the keeper makes the mistakes without giving him a chance to correct it. Do You Want To Become That True Goal Scoring Machine? Discover the secrets to scoring many goals and separate yourself from the average. Simply scroll to the top of this page and click on the "Buy Now With 1-Click" button!

## Customer Reviews

Absolutely met expectations. It was succinct and the personal examples were a great help. After reading it, I passed it on to one of our strikers and she'll pass it on to another after she finishes. Well worth the price paid. Nicely done.

Simple, concise, easy to read and packed with simple great tips for both the physical and mental skills it takes to be a productive striker. Got it for my 12 year who has read it twice already and always points out stuff he is doing from the book. Definitely recommend the whole series of books from this author.

There are far better books, and in this case, folks are far better off using online videos, for free.

Nice soccer read with lots of good points. A must have for any serious soccer player.
