Anyone cruising the ICW needs this book. WE have found it very accurate and was thankful to of had this.

Indispensable tool for traveling the waterway. Unfortunately, guides like this can't keep up with the shoaling that occurs along the waterway.

Great guide to help us plan our trip up and down the ICW.

The book is great to have as a read, but the free app is just as helpful!

This is packed full of information and easy to use. A must have!
