40 Crazy Pokemon Theories

Synopsis

A great war, the mystery of Mirage Island, Biblical references - crazy theories and conspiracies are abundant in the world of Pokemon. Everywhere you turn there's another mystery in the game, anime, or manga that inspires another theory. This book is a simple collection of 40 of the best ideas and theories out there. Some are my own, but most have been singled out from the hundreds I scoured through to create this easy to read, informative, and entertaining ebook. You'll learn lots of theories, some concerning:

1. 2 Biblical references
2. The 9/11 tragedy of America
3. The origin of the 3 legendary dogs
4. The nature of mega-evolutions
5. Much, much more

What are you waiting for? Stop scouring the internet for hours upon hours trying to find good theories. Consider this carefully curated ebook instead!

Customer Reviews

although It gave a lot of theories, most of them where breaf and not a lot of depth in fact most of those theories have been proven scientifically true or false by pokemon theorists mostly on youtube.com most by protomario and it need s more depth but it is worth the price.

For my son. He LOVES reading this and pondering the theories behind the game and characters.

If you like Pok  mon, you'll like this book. From how bubble beam with works, to team rocket's part in the safari zone this book has it all.

This is a great book for any hard core Pokemon fan. Though I do wish it was longer I can not complain. And as a shout out to Garrett Oden write more like this.
