The CIA World Factbook 2017

Synopsis

A country-by-country guide to the world. From Afghanistan to Zimbabwe, The CIA World Factbook 2017 offers complete and up-to-date information on the world's nations. This comprehensive guide is packed with data on the politics, populations, military expenditures, and economics of 2016. For each country, The CIA World Factbook 2017 includes: • Detailed maps with new geopolitical data • Statistics on the population of each country, with details on literacy rates, HIV prevalence, and age structure • New data on military expenditures and capabilities • Information on each country's climate and natural hazards • Details on prominent political parties and contact information for diplomatic consultation • Facts on transportation and communication infrastructure Also included are appendixes with useful abbreviations, international environmental agreements, international organizations and groups, weight and measure conversions, and more. Originally intended for use by government officials, this is a must-have resource for students, travelers, journalists, and businesspeople with a desire to know more about their world.

Customer Reviews

good source of world information

Want to know about Timbuktu? Just look in the CIA FACT BOOK. A lot of statistical data on all the global entities are contained in this book.

I love this book! I love to see numbers whether its area of a specific country, population, city population, etc. I love to find out how much people increased or decreased in different countries. Very nice book!

fascinating book with an amazing amount of information

Indispensable in understanding the world. Invaluable information on every page.

love learning and this is a wonderful resource

Excellent reference - purchased every year.

A poorly printed version of the CIAs yearly document. Spelling and most significantly, capitalization and spelling errors plague every single page of this book.
