Who's The Dummy Now?

Synopsis

Terry Fator won the hearts of America when he won a \$1 million dollar prize on America's Got Talent. Terry is a ventriloquist, singer, comedian and celebrity impressionist. He has appeared to rave reviews on the Oprah show and David Letterman. Terry is perhaps the first entertainer to combine the art of ventriloquism with singing impressions. From the age of 6 years old Terry memorized Bill Cosby comedy routines. When he was 10 he found a library book on ventriloquism and began learning how to use his voice. This book is Terry's biography about living his childhood dream of wanting to be an entertainer.

Terry Fator has just signed a \$100 million dollar, five year deal to perform 48 weeks per year, 5 nights a week at the Mirage Hotel Las Vegas starting from February 2009.

Sensational story telling! A tale about a sweet child who remained sweet despite being raised by a monster. A dreamer who, against all odds, with humor, prayer and hard work, manifested his dreams. Terry Fator is a great, singer, writer, showman, philanthropist, and now author.

His book was a VERY interesting read! It really keeps you engaged! I can only wonder why - after

all the fabulous things he said about his first wife throughout the book, who supported him thru all the hard years - he left her when he found fame. But... who knows what that story is about. Maybe that's his next book. Congrats to him for keeping his self-confidence going thru all the trials his life dealt him, & keeping such solid relationships with his siblings! And, then, of course... congrats to him for reaching his personal pinnacle of success thru his great & talented career!

We recently saw Terry Fator in Las Vegas. He is so funny, and entertaining! Had to learn more about him. Purchased this book, read it in a day. Enjoyed every minute. It is fast reading, enjoyable and shed light on his journey to fame. He is truly representative of the American Dream come true. So delighted to learn of his Christianity. Explains why his show is so CLEAN! April 30, 2012, still like Terry, but after reading his book, I am very disappointed he has left his wife, for his good looking assistant in his act. He spoke so highly in book about his wife. Mentioning how supportive she has always been. why hasn't he been responsive to her in return. naughty man, how long do we give this May-September wedding? he now has the trophy, how long???

Fabulous book on Terry Fador; hard to put down because it draws you into it.

My wife really enjoyed Terry's book. She really got to know him reading about his life. He is (she says) an absolute great entertainer for what he came through in his childhood. He had to endure a lot which is why he is so talented.....it took a lot to get where he is now. An awesome book from an awesome man.....don't go by what I say.....read it.....it is so worth it.

I found this book, by this amazing ventriloquist to be a very interesting read. Terry lays it all out in spades in how his tough upbringing actually led him to the position he now holds as the Best Ventriloquist in the Entire World! Those are my accolades for Terry, but I don't think anyone would disagree that there is anyone on the planet today that could ever equal or surpass him. This extremely talented fellow not only has many voices for his puppets, who he works flawlessly, he is an Impersonator who sings exactly like a host of various famous entertainers. I'd say more, but I don't want to give away any of this book about the unbelievable training he undertook, and how he worked his butt off to attain his fantastic degree of proficiency as a World Class Entertainer! Whether you are a ventriloquist or not, or one who enjoys the craft, this book will keep you glued to the pages to the very end, and, if you are not a, Terry Fador fan at the present, you will certainly be one by the end of this book! I watched Terry Fador from his first moment on America's Got Talent and I saw the

reaction by the judges before he started his act, which was one of almost disdain, and I was elated to see their amazed reaction as soon as Terry began to have his puppet sing, "At Last" He absolutely stunned them and continued to do so all through the competition. By the Way, I voted for Terry the max allowable times every time I saw his work! Bravo, Terry Fador! I hope to meet you some day and shake your hand. Joe Radle, Huddleston, VA.U.S.A.

Do not pick up this book unless you have the time to finish it. You will not be able to put it down. We watched this man on America's Got Talent and were overwhelmed with his voice and talent. Having a son in performance, we have learned a great deal about voice ranges and BOY has this guy got a huge range. He goes from Kermit the Frog to Louis Armstrong in the blink of an eye. He writes the best material and will keep you laughing. After reading his life story, we fell in love with him. We went to see him and he was so 'down to earth'. I have heard the old adage 'don't get above your raisin'" for years, Terry, although now a self made millionaire is just like the boy in this book: warm, loving and humble. He took time to visit with us and personalize our book. It was our 10th anniversary and he made it a marvelous night. He speaks with you as if you are the only one at the performance. His love for his wife and sister are so obvious in the book and while speaking with him in person. If you are looking for a book to learn to be a ventriloquist this is not it, but if you want a lesson in human nature read on. As a little guy, Terry's "Who's the Dummy Now?: Winner of America's Got Talent" went through a great deal growing up and he is finally getting the rewards he so justly deserves. It is a great read, it is like sitting down with a good friend and having a cup of coffee and talking. The book is just like Terry, simple, loveable and AWESOME! Read on.....
