Customer Reviews

Purchased this looking for more ideas on good GF recipes. Purchased in the easy Kindle format.

Was looking for GF recipes that take less time and are easier to make than most of the fussy GF recipes I find on the internet. What is great about this book is it is an easy read and well laid out. And, lots of real information on why exactly our bodies may benefit from having a gluten free lifestyle. In general what I've found is the recipes are super easy! And practically no need to hunt many stores for 'fussy' specially branded gluten free ingredients! Much of what goes into these dishes are ingredients that are easy to find and buy. That is a big plus when you work late all week and don't have time to assemble complicated dishes. One dish recipes are great, too! Less of a mess in the kitchen. In fact, a lot of this stuff is ingredients we keep on hand most of the time to begin with. We like the taco skillet and beefy Italian skillet a lot! We're gonna try the tastes like ravioli skillet soon!

If you are new to Gluten-Free (GF), this is the cookbook for you. The author gives an overview of what gluten is & where it's found in our food. She discusses which foods are safe to eat if you or your loved ones have a gluten sensitivity/intolerance. The book contains many Skillet-style GF recipes that the author created over the last decade--like tasty Cheeseburger Macaroni & sizzling Southwest Fajita skillet. The recipes use budget-friendly ingredients & are easy to make. There's even a section for Vegetarian GF recipes! This is a great find for learning about and enjoying gluten-free cooking. I highly recommend it.

Wow! What a fantastic set of recipes and information for families who are implementing a special diet. It contains recipes for tasty meals that are easy, economical and gluten free. I especially like the comprehensive information about gluten included in the first part of the book. It answered so many of my questions and gave me knowledge that will help me everyday in avoiding gluten and making healthy choices for my family.

I missed making hamburger helper, and these recipes are a lot like it. And they are inexpensive to make. Thank you!

A nice collection of recipes to have on hand for busy weeknights. I appreciate that there are a few vegetarian options as well!
