Corfu Tour And Trail Super-Durable Map

Synopsis

Corfu Tour & Trail Super-Durable Map is the most detailed, accurate, toughest, large scale map of the island that you can buy. Super-Durable Maps now come with a 2 year adventurous use wear and tear guarantee, see Discovery Walking Guides website for details. Our large 1:40,000 scale produces a double sided map sheet of 840mm by 680mm; big enough to show masses of detail but compact enough to use in the car or on the trail. Corfu North is on the facing sheet of the map with Corfu South on the reverse side, including a generous overlap between the two sides. Our special concertina map fold means your map is easy to unfold, and more importantly easy to refold back to its pocket size. You get the most detailed map of Corfu that is produced including our 'Tour & Trail' level of detail ranging from major roads to secondary roads to minor roads to streets and narrow country roads, plus dirt roads and walking trails. We have a new method of highlighting the full Corfu Trail, including its options, with the trails, tracks, lanes and roads making up the Corfu Trail being outlined in green. This makes it easier to identify the Corfu Trail on the map and easier to find it on the ground. Altitude background colouring is designed to clearly show the altitude range when traveling across the island by car or on foot. 100 metre and 20 metre contours are clearly shown on the map along with a large number of individual height points. Tour & Trail attention to detail is legendary as is our useful symbol range including miradors, picnic areas, petrol stations, bar/restaurants and parking areas where you can pull off the road safely. New for our Corfu Tour & Trail Super-Durable Map we have introduced special Place-Name Plaques for Tripadvisor's most popular destinations making them easy to find. For adventurers on foot Tour & Trail Maps are researched and designed by hikers for use by hikers. Our comprehensive gps ground surveys produce the best road mapping available but the value of this on the ground research becomes even more important when you leave the tarmac. Super-Durable editions are printed with 100% oxygenation inks on Polyart by the UK's leading map printer. This produces a Super-Durable Map that feels like silk but will stand up to the roughest treatment of outdoor adventuring and yet fold up like new at the end of your adventure. Quite simply Corfu Tour & Trail Super-Durable Map is the most detailed, accurate, toughest, large scale Corfu map that you can buy. Super-Durable maps are 100% recyclable. A digital Custom Map edition of Corfu Tour & Trail Map is available as a free download from the Discovery Walking Guides website. This is a medium resolution (200dpi) kmz file of the printed map for use on Garmin gps units and in Garmin Basecamp and Google Earth software.

Book Information

Map: 2 pages

Publisher: Discovery Walking Guides Ltd (March 20, 2017)

Language: English
