Guide To Fly Fishing Knots

Synopsis

This book is helpful, instructive, easy to understand, and will help you bring more of your catch to the net. Larry includes: parts of your line; IGFA line test; tippet to fly size chart; knot-tying tips; terminology; knot applications; and of course, step-by-step instruction for joining lines, lines to flies, loop knots, dropper knots, and yarn indicator knots. Also included are basic fresh- and saltwater leaders and trout and panfish leaders. Twenty different knots are covered with concise text and simple, clear illustrations showing each step. These knots offer a solid base for your knot-tying arsenal. So whether you fish salt water or fresh, this pocket-size book is perfect for your vest, boat, car, or tube.

Customer Reviews

I must say, this is quite a good book for learning to tie just about any knot you will need not only for fly fishing, but any fishing in general. It breaks it down at the very beginning where each knot is generally used so you can actually see where in the process each knot goes. Then, when you reach the page for each knot, it gives you a brief background on why each knot is used. Visualizations are large and easy to follow. It even goes into labeling tag ends and standing ends so you can follow where each end is through each step. Now, the reason this has 4 vs 5 stars is the fact that you more than likely will not be using this book to memorize knots in the comfort of your dry home. Generally you will take this with you and use it when you need it. With this being a paperback book, it does not get along well with water. I ended up waterproofing mine by taking clear packing tape (the large rolls), and essentially covering each page with the tape.

easy to understand and useful. I look forward to going fishing soon.

Simple and very helpful for me. Love this sport.

Nice little resource for the beginner fly fisherman (or woman)! Gave as a gift and will order another one for me as there were some knots that I didn't know.

small enough to carry with you

interesting purchase, I needed to brush up on some of my knots

Good info

Waterproof paper and small size make it easy to carry in my fly fishing vest. Easy to follow steps make teaching the youth easier...they can follow the sequence well.
