Customer Reviews

We are a group of illustrators that came together to create and publish beautiful and original coloring books for adults. We want to give unique experience to people around the world and provide long hours of relaxing joy. Happy coloring!

This has been one of my favorite coloring books by far I love the designs. Each page is complex but easy enough to complete in one sitting. I have nearly completed the book and will buy some of the other books in this series. One thing about this book is the paper is really nice with a smooth texture that takes ink really smoothly with full coverage without requiring going over multiple times. The pages are perforated so they can be removed and used as journal pages or framed. I use markers and unfortunately they bleed through the page so the reverse of the page is dotted up with bleed-through but there isn't much help for that. Also, the designs are all different but have similar

design elements from page to page so the lack of variety in the details might not appeal to some, Otherwise I love the book myself and highly recommend it. I used a wide variety of pens - sharpies, color pencils and gel pens.

I usually love the Coloring Craze publishings. This one is decent but some of the pictures are such fine detail and have such gray, narrow, ill defined lines, that I can only give it 4 instead of 5 stars.

I love these skull designs and some full bodied designs. Some are simple and most are intricate. I like the fact there are no heavy black lines to print out using extra ink as well. These are well drawn and interesting to look at. Another good book by a great artist/author.

This book can serve for Halloween or dia de los muertos. I much rather use it for Halloween. It is for all ages and very entertaining. . Weight of the paper depends on the use. This is a kindle download.

A very nice selection of images. Complicated skull based images and some whole body images. A great book for people that celebrate Dia De Los Muertos! I was offered this book in exchange for an honest review.

Nicely done & good variety of/in designs.

This book was a gift and they liked the book.

It really has a lot of great designs to color. A lot of time went into the making of this book and it shows!
