Gina Hamadey writes about travel and food for Food & Wine, Travel + Leisure, Saveur and Wine Enthusiast, among others. She is the editor of the quarterly magazine Beekman 1802 Almanac, and was previously travel editor at Food & Wine and Rachael Ray Every Day.

I bought this cookbook because I saw Gail Simmons post something about it on Instagram. Yes, the entire cookbook is about nachos. But who doesn't love nachos?! In the back there are also salsa, crema, and drink recipes. I've tried several of these already and love them.

I gave this as a Christmas present to confirmed nacho lovers and it was well received. Who would have thought there could be this many variations?.

Great recipes

Great tecipes

Fun cookbook, great ideas for nachos, which never go out of favor. Fun read and a great keeper amongst other cookbooks.

my wife is a huge fan of nachos and this was the perfect gift for her!

i'm a big nacho guy. i hope nobody has a problem with that. but i just love them. i care about them, really. one time at the mall, i hit a food court spot called "world's best nachos", thinking that they'd be solid at least, if not the world's best. those nachos were inedible, and the place went out of business shortly thereafter. i'll never make that mistake again. my favorite nachos, on the other hand, come from Claim Jumper, of all places- steak chili. CJ's took them off the menu, for whatever reason.anyway, to say that i'm thankful for this big is an understatement. buy it with confidence, people, if you care about nachos at all. that's really the point i'm getting at. buy this book. make some nachos. then sit on the couch with a good book and good company, and enjoy your life. i don't want to lecture anyway, but put down your cell phone. life is too short. sour cream is awful.

Great book! Everyone knew we would like it so we ended up receiving extra copies over the holidays as gifts. The cover is beautiful so we leave it out and visible in the living room. Good quality. Pretty photos.
