Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

Real, easy arrangements for quick learning. Yes, the chords are simplified. Yes everything is in the key of C. Yes, yes yes. But in real life, when you need to bring a lot of music to worship every week, you don't have time for straining the old music brain. I have found that the arrangements are decent and easy to sight read for practice. The keys can be adjusted with electric keyboard or capo. Sometimes I need to play the song an octave down, but it works. My church is loving the newer

worship songs and so am I.

Easy to play and there are some new songs I didn't know, but am learning.

More of the Easy Worship Fake Book: Nice and easy for a child, or a slow beginner. I'm learning to play one of the chord notes in the melody. I really am enjoying it. Not at all frustrating for a beginner on chords.

Easy arrangements, very easy to play with a good selection of worship songs.

i love it
