Customer Reviews

This book is cute and very simple. There is no story, they just ask who is hiding behind different tractors and you lift the page to find out. This book falls apart very easily though. I have replaced it three times because the spine has fallen apart with normal reading.

Awesome first book collection. The pages have tabs so it says whats behind the red tractor and your little one can easily grab the tab and turn lift to see what is behind it. Simple objects and colors.

This is my son's FAVORITE book to keep in his crib. I hear him talking about the tractors while he is falling asleep

I have a 18 month old grandson who loves tractors and farm animals. Bought this book for him for

Christmas and it has become one of his favorites. Love how it teaches colors. He loves the tractors and the peek-a-boo flaps that once open shows different farm animals. I would highly recommend this book. Very sturdy, bright colors, and just plain fun!

I love this book! My son ripped the 1st one I bought so I had to get another one! It's his favorite!

This book is bright and engaging. Perfect for any little boy loving tractors!

We actually didn't purchase this book - just rented it from the library but my daughter loves it so much I had to give it a review. I'm surprised there aren't more. There are different color tractors and, lifting the flap of each one, you find a different baby animal. She just turned 1 and loves being read to. Unfortunately, she destroyed the book she got so excited about those dang flaps so I'll need to buy one as a library replacement and one for home!

My 20 month old son loves this book to pieces! Literally! We had to buy a replacement because the first one fell apart after much love and use. He is his grandpa's boy and loves anything that has to do with the Farm. Also an excellent way to introduce colors.
