Chatterry Teeth: And Other Stories

Synopsis

Stephen King's unparalleled imagination is in full force in this collection of four unabridged short stories originally found in the classic, *Nightmares & Dreamscapes*. An all-star cast of readers bring to life these timeless stories from the darkest places. A pair of metal teeth in a convenience store may prove to be more than a novelty in *Chatterly Teeth*. In *My Pretty Pony*, an elderly man on his deathbed warns his young grandson against the dangers of letting time slip away. A music exec learns that his dream job may lead him to a dark and murderous past in *Sneakers*. And in *Dedication*, a maid working in a hotel uses black magic in the hopes of benefitting her unborn son. Kathy Bates, Jerry Garcia, Daniel Cronenberg and Lindsay Crouse lend their voices to this haunting collection of classic stories that no Stephen King fan should be without.

Kathy Bates is superb as narrator of "Chatterly Teeth". I still haven't been able to get past five minutes of Jerry Garcia reading-I don't know if there's something about his voice, or the story is just annoying, or both :(

This audio CD consists of four stories, of which "Chatterly Teeth" is one. It has taken me some time to get used to audio books, and for me they're not really handy to listen to. But the audio doesn't take anything away from the story, and sometimes adds a bit. I had previously read the stories in various books, but these four fit well together.

i fly allot to europe so i can kick back and listen to stephen king's books on tape, very relaxing to turn on the butten on my head phones to hear nothing but the storys. makes the time go by very quickly..i have maybe 12 books on tape by stephen king, going to order "the shining" for my next trip....

I thought the collect was pretty good, Chatterly Teeth itself, not so much. MY PRETTY PONY puts this collection over the top and while I didn't like the voice of the person reading it, the story itself, has stayed with me long after my third time listening. Recruit Tom Hanks or someone with an equally compelling voice and re-do this story (please). My Pretty Pony really is a masterpiece, a very profound piece that will forever stand the test of time with this constant reader.

The Master never disappoints...I highly recommend!

IT'S RECOMMENDED LISTENING FOR A TRULY SURPRISING STORY,BUT,BEING FROM STEVEN KING,ENTERTAINING TO SAY THE LEAST

I love audio books because I have a long commute to work and I find them more enjoyable than music most of the time. These are terrific stories well read by several people. I particularly liked Kathy Bates and Jerry Garcia's reading.

This is great Stephen King story telling. Read these story's years ago, but wanted to listen to them while driving. Love them. Good price and fast deliver.
