The Legend Of Zelda: Twilight Princess, Vol. 2

Synopsis

Link must defeat evil at every turn in his perilous quest to help Princess Zelda! Once upon a time, wizards tried to conquer the Sacred Realm of Hyrule. The Spirits of Light sealed the wizards' power within the Shadow Crystal and banished them to the Twilight Realm beyond the Mirror of Twilight. Now, an evil menace is trying to find Midna, Princess of the Twilight Realm, and the fragments of the Shadow Crystal to gain the power to rule over both the Twilight Realm and the World of Light. Link awakens in the Twilight Realm, in the form of a wolf! Here he meets Midna, and she escorts Link to Hyrule Castle where none other than Princess Zelda bestows a quest upon him: "if the world is to be saved from the encroaching darkness, Link must recover the shards of the Shadow Crystal. The task will be long and difficult, and Link will need to use new powers he doesn't know he has!"

Book Information

Series: The Legend of Zelda: Twilight Princess (Book 2)

Customer Reviews

Akira Himekawa is the collaboration of two women, A. Honda and S. Nagano. Together they have created nine manga adventures featuring Link and the popular video game world of The Legend of Zelda, including Ocarina of Time, Oracle of Seasons and Four Swords. Their most recent work, Legend of Zelda: Phantom Hourglass, is serialized in Shogaku Rokunensei.

The Good: + Beautifully drawn + Deeper look inside the world of Hyrule during the events of Twilight Princess + Link has a slightly more aggressive personality as a wolf + Midna retains her sassy

personality from the game

The Bad:- Chapters 14, 15, 16, and 17 probably could have been consolidated down to 2 or 3 chapters- Some parts of the manga has black text on dark backgrounds...

The Ugly:- I'm flying through these chapters and the wait for the next volumes is borderline torture.

What is it? Put simply this is a Legend of Zelda manga based on the Twilight Princess Story. There are some changes and additives to the story for character development as well as to fill out the story.

Story: Volume 2 picks up directly where volume 1 left off. Link awakens bound in a cell within the Twilight Realm. He encounters a mysterious imp Midna who reveals to him that he is a Wolf. Soon after Link and Midna meet up with princess Zelda where she reveals to Link what happened to Hyrule. Overall the Story in this volume is good but the pacing feels a bit off in comparison to the previous volume. It also feels like they spent too much time developing characters that didn't need much development.

Art Style: Man oh man, I loved the art style from volume 1 and Vol.2 seems to improve on that.

Replay: A lot has happened in this volume and so I actually had to read it twice to get a better understanding. Actually reading this volume made me go back and read Volume 1 as well. I will probably read them both again while I yearn for volume 3.

Value: There is no excuse, If you loved the Legend of Zelda Twilight Princess game you should pick up the manga for \$10 once every couple of months. Here is a tip... If you have Prime it will be even cheaper than that.

Thoughts I love this, and there are only a few things that can make this better.

1. they can release volumes more frequently, and more importantly they can make an Anime adaption of this

Viz Media can take my paycheck now =D. Regardless I highly recommend this Manga to both Zelda, and Manga fans.

I really liked the book and I think the art is fantastic. Story was pretty good as well but I was confused as to why Link was suddenly kind to Midna towards the end even after she choked him.... I do appreciate how some things were explained in this book to clarify the first. For example, the shadow crystal. I do feel like something is missing in this story so far; something minor but it could be me...

Already awaiting the next volume. I've loved the game for years and I was hoping it would come out in manga form, worth the wait!!!

Son said he loved it! We just accidentally and enthusiastically ordered two!

Excellent book, a must have for any Legend of Zelda fan

I got the first manga from my school's book fair, that is where I hope to get the third one as well. I grew up playing Zelda so reading it is like a dream come true. considering the fact that I now know what Link thinks of all of this!!

My only complaint is that I thought the story would conclude in this volume. Now I have to buy volume 3 when it releases. :)

I love this book
