Customer Reviews

Elizabeth Ann White has been a professional crochet designer for almost 30 years. Starting out as a freelance designer for Annie's in the late 80's, she has also worked as a crochet pattern editor and as an in-house designer. She now self-publishes many of her designs, but continues to do freelance designing for special projects. Elizabeth lives on a farm in Texas and has three sons, three daughters, 16 grandchildren, and is anxiously awaiting the arrival of her first great-grandchild in 2017.

When you read the words "Learn to"...you typically think it will be for beginners...well...the basic instructions are good, and pictures to match are good...but then the items you are given patterns for are for...you got it...NOT BEGINNERS! All of the three patterns listed are for Intermediate Cro-Tatters...so, I would have given this a better score, if the patterns would have been beginner patterns. Now I have to buy a book with beginner patterns...so, in closing, it is ok, The instructions ok, pictures ok, Hook is Great, and marked with measurements for picots, but I would NEVER buy this for a beginner again.

It's okay. I thought it was a thicker book. It's a four page booklet that come with a hook. I like the necklace and will try it. I would recommend.

Great book. Love it.

Received this in the mail today. Very disappointed, this book has very little instructions and all the patterns are not for beginners. Please do not waste your money on this. You can get more instructions on Now to cro-tat on youtube. Expected more.

I would love to learn to cro-tat, but you sent me a intermediate book. I need a beginners lesson, if you have one of those please send it to me. Thank you

Nice instructional and the hook is very nice.

Easy instruction to learn how to Cro-Tat. Need to include where to purchase different size needles.

The hook part of the Cro-Tat needle is too big. It is almost impossible to pull the loop of thread through your double stitches. That is why I have now ordered tatting needles.
