Naruto: Sakura's Story

Synopsis

A new series of prose novels, straight from the worldwide Naruto franchise. Naruto's allies and enemies take center stage in these fast-paced adventures, with each volume focusing on a particular clanmate, ally, team or villain. The Great Ninja War did not only harm adults, but left many damaged children behind. Medical ninja Sakura travels the land, opening clinics dedicated to healing children of the mental trauma they experienced. She learns of a series of attacks against Konoha, and her investigation leads to an impossible conclusion: Sasuke is the terrorist mastermind behind them all! Using her skills and her heart, Sakura strives to clear Sasuke's name and bring the real perpetrator to justice.

Customer Reviews

Masashi Kishimoto made his debut in Weekly Shonen Jump in 1999 with Naruto, which became a big hit with both boys and girls. Kishimoto added a modern flavour to the ancient world of Japanese ninja to make Naruto one of the most popular series in Japan.

I really, really wanted to like this book. But the print is just so bad I can't let it slide. It's like this book never even had an editor go over it. I give the plot a C- at best but I could have put up with that if not for the rampant grammar and typing errors throughout the book. In at least a dozen places the text accidentally puts Sasuke instead of Sakura like it should be, the mistake keeps repeating so badly

it's clear that the translator had no idea what they were doing. Furthermore there are numerous typos throughout the whole book that just really grate on you as you try to read.

I enjoyed reading this light novel. I'm a huge Naruto fan, and to continue reading these stories is great. In reading this particular story I learned so much more about Sakura's character, more than you get from the manga. I would have loved to give this book 5 stars, but unfortunately there were some typos throughout the story. There must have been some issues in translating from Japanese to English, and the individuals translating never followed the series. Quite a few times, towards the end of the book, they kept placing Sasuke's name where Sakura's should have been and vice versa. I had to keep re-reading the passages to have them make sense, and make the correction in my head. Once I got past those few instances it was a fantastic read.

The story is great! I'm not a Sakura fan at all to begin with, however, this novel tells a story about Sakura realizing her shortcomings, and working to overcome them all in order to uncover and stop a plot that could ruin the peace that the ninja world had just achieved after the Fourth Great Ninja War. The only reason why I gave it 4 stars instead of 5, is there are some parts where the translations could have been better. From this point on there will be spoilers, I tried my best to describe the story without spoilers, however I could not write a review without some spoilers so none the less [Spoiler Warning Below] Sakura has developed a new medical unit focusing on the mental health of the children affected by the conflict in the ninja world, as she works with her unit, and her best friend, Ino, they work to improve the mental health of the children of Konoha. However in the background. Unusual things have been happening, as senior members of the Land of Fire's council have been attacked, at first glance it appeared to be nothing more than a prank, however the Rokudame Hokage, The Copy Ninja Hatake Kakashi of the Sharingan, has a hunch and sends his ANBU units to investigate, as well as his former student, and former Root Division ANBU member Sai. As Sai investigates, he discovers that there is more going on, and informs the Sixth. With the new information presented to him, Kakashi assembles a new team and assigns them a top secret mission beyond what was assigned to his ANBU unit, to investigate the attacks and their suspects, discover the motive behind it, and to handle all parties involved to bring this case to an end!

I really love how the book came. It wasn't damaged or anything!!! So glad I bought it at 8 dollars a very great price for something that usually costs up to 11 dollars. It's soooo cool and Sakura is my

fav character so i love it even more!! And also on the cover there is the lettering in Japanese i think is her name. But still even cooler. A MUST BUY FOR ANY SAKURA FAN ALSO IT IS LITERALLY A BOOK. NOT A COMIC OKAY GUYS.

This really has an impressively empowering perspective on the kunoichi that is arguably labeled as "useless". But wow Sakura could really hold her own and whoop some serious ass. I could say, she's pretty much a hercules or a samson amongst female shinobi. Typically my favorite kunoichi is Hinata but my hat goes off to Sakura. maybe there was a good reason she joined team 7 and made it this far along side her comrades.

Well, the story was not that amazing but I found it very enjoyable. The battle scenes were the most interesting part but if I have to say something about the plot..., hmmm, for me it was a bit disappointing. What I really wanted was more interaction between Sakura and Sasuke. The end of the series left me very skeptical about them as a couple, I cannot believe their marriage! I need a proof of Sasuke's feelings.

There were understandable mistakes in the book, There were a few places where "Sasuke" was used in place of "Sakura". The names are so similar though, and honestly, I never really paid attention to how similar they are, in an alliterative sense that is. It makes one wonder if Sasuke and Sakura were always destined to be together!?!?

only reason why i got this was because i thought saskue would make a guest appearance. nad i heard that sakura and saskue get married in the future and i was hoping it could fill in some gaps
