Dogfight: The Greatest Air Duels Of World War II (General Aviation)

Synopsis

Written by Tony Holmes, an aerospace editor and leading expert on aviation history, *Dogfight* covers four air forces, three theaters, and ten iconic fighters. This book is the complete story of head to head aerial combat in World War II. In the skies above a world at war, individual skill, technical edge, and superior tactics all determined which pilot would emerge victorious from an aerial duel. Matching up ten aerial rivals - including Spitfires, Messerschmitts, Mustangs and Zeros - with their greatest foes, this book analyzes the histories of the machines, their pilots and tactics, with thrilling accounts of true combat. Meticulously researched digital artwork recreates the cockpits, armament, and battles of each combatant.

Book Information

Series: General Aviation

Hardcover: 352 pages

Publisher: Chartwell Books; Reprint edition (April 15, 2013)

Customer Reviews

• Any military collection will welcome this! • The Midwest Book Review (August 2011) --This text refers to an alternate Hardcover edition.

Tony Holmes has worked as Osprey Publishing's aerospace editor since 1989, having previously served as an author/photographer for this publishing house in Australasia. He is widely acknowledged as a leading expert on all periods of aviation history although his personal love is for the Battle of Britain, on which he has written a number of well received titles. For this book, he has contributed on his favorite subject - the legendary duels between Spitfires and Messerschmitts

over southern England in summer 1940.

This book is essentially a compilation of five volumes of Osprey Publishing's "Duel" Series; Spitfire Vs Bf109, P-47 Vs Bf109, P-40 Vs Ki-43 Oscar, P-51 Vs Fw190, and Seafire Vs A6M Zero. This is a good way to save money if you are a fan of this series. I only give this book four stars because of the silly British prejudice of including the Seafire Vs A6M Zero, when everyone who knows about the Pacific during World War Two knows that a book about the U.S. Navy Wildcat or Hellcat or Corsair Vs Zero would make much more sense than a book about the relatively rare British Navy Seafire.

Gift - my friend loves it.

A great fighter vs. fighter look with interesting facts, pilot experiences, and more.

Nice book.

Excellent book for WW II enthū's. received in good time in excellent like new condition.. Tks!

This is a fine compilation of WW2 European Theater Fighters, as well as the Pacific Theater. It is a very well done book. I am grateful to the author for the obvious effort expended in doing a factual summary review of most if not all the fighter planes and many pilots, in a coherent production. The name implies WW2 was the Dogfight...Needless to say, the book was very enjoyable for me. The Finns were not covered. The Finnish Air Force did some amazing fighting with second rate aircraft as co-belligerents with Germany.) Jim Mills

Is very good book and the service was also good

Excellent. Keep re-reading because there is so much content.
