Customer Reviews

Very helpful for preparing my high schooler for exam! Quick and easy to read! Also, very reasonably priced.

Spark notes are the best! This was very good, but it does not do justice to this great book! Misses several shades and subplots. Therefore it is an excellent help,. but it cannot substitute for a full reading of the novel.

Great help since I have to teach it and have never read it!

Has helped my daughter understand and study for her English test. Spark notes are comprehensive and brief enough for students.

Perfect for high school or college kids!

Very helpful!

Very well done. Easy to read with lots of good details too.

Great product!!! Super Fast Delivery!!!
