Customer Reviews

Loved the book, I thought it was good, thought that it. Would have been more of a coloring book more of the same thing I would be ordering, I just got used to coloring on the black and gray tattoo artist. My big surprise was for my son birthday on. May 10th he'll be 40 year-old didn't ask

nevertheless, but he's wife, had already bought it wrapped in couple weeks ago, but didn't ask or tell me about it. He likes dragons to color and Read about so late again. Bt I well serve. My problem is that I have no prenter so, if you could help me out of it. I would take a gift certificate. On my next orders. Cause you'll know that I ordered a lot more than I should be. Expected adult stress out coloring books for you'll. even look at some of yours small printer just black and white unwell don't have to be a colorful.

This was a waste of Money.... With a title like that it should be a book of all books, but it failed.... I recommend u go on a search engine to find art like this for free. After I got the first book they put out I bought this at the same time just to see if it was some what better but it was the same. I wouldn't buy this book but instead image search your designs and ideas....I bought the first one as a inspirational tool but lost all of it when I viewed what was inside, Paid for the third one in hopes of getting it back and to give these books another chance but disappointment was all I saw..

Great!

Very traditional. I use these drawings for other uses, i.e. Leather work. It wasn't worth 9.99 for the kindle.

Bought this for a friend and had it mailed to him. He said it came quick and the book is of high quality. He is very happy with it and he's been doing ink for decades so it's hard to impress him any more. This book did.

Good quality and selection.

Great Book! Thank you!

Very disappointed in this item wasn't what I expected in a tattoo book what a wast of money
