Customer Reviews

This chart is nice. Very helpful illustrations. Unfortunately it arrives crumpled up in a box instead of in a poster tube which would protect it.

chart looked decent, but was folded & creased in 3-4 places!! sending back for refund and my wall in new clinic remains partially blank. too bad & will just order from scripp

came poorly packaged and damaged. still usable. the chart is awesome and labels every major ligament

Item is not as described. Save your money and do yourself a favor and look elsewhere for your purchase.

Poster was bent and creased upon arrival.

I received the chart balled up in a box without any invoice or anything. Not sure how I'm going to be able to see this thing. RME

Delivered early no damage.

As expected. No issues.
