Miller & Levine Biology: 2010 On-Level, Student Edition

Synopsis

Miller & Levine Biology Curriculum - High School The respected author team of Ken Miller and Joe Levine are back with a new edition of biology books to inspire students to interact with trusted and up-to-date biology content. The authors' unique storytelling style engages students in biology, with a greater focus on written and visual analogies.

Customer Reviews

This book is used for 9th grade Biology 1 students. This books does a great job of teaching biology. It has many colorful and detailed pictures that help visualize the content better. I am a visual learner and this book really did help me get through this class.

as with most biology books there is way too much material to cover in a year. this text allows great flexibility in planning a curriculum

EXACTLY WHAT WE WANTED =)

Fast delivery, book is perfect. Thank you.

written on full side from binder. Fairly used for the price

Just as I expected. No problems!

It came in almost perfect condition.

as described
