Draw Every Day, Draw Every Way (Guided Sketchbook): Sketch, Paint, And Doodle Through One Creative Year

Synopsis

Conceived by Instagram's daily sketch sensation @augustwren, this guided journal encourages carving out a moment of self-expression every day. To conquer the intimidating prospect of filling 365 blank pages, *Draw Every Day, Draw Every Way* is divided into monthly themes, with undated daily prompts that suggest what to draw each day. You can work through the journal from front to back, or jump around and draw whatever appeals to you at the time. Monthly themes include: A month of nature A month of your favorite things A month of characters A month of print and patterns Jennifer Orkin Lewis (aka @augustwren) encourages experimentation with a one-page tutorial at the beginning of each month that outlines accessible ways to draw with different materials, such as ballpoint pens, colored pencils, paint, and collage. Coupled with sections of varying paper types, there is an unlimited canvas available to flourish artistically; brown craft paper pairs well with black ink and white pencil, black paper is great for white and metallic gel pens, and heavy white paper is included for painting. The journal is not only useful as a stress-reliever and as a mode of personal exploration, but also as a way of changing visual thinking. And when completed, it will serve as a reflection of its owner. With prompts, tutorials, and unique packaging, *Draw Every Day, Draw Every Way* is a must-have for those looking to sketch and doodle their way out of an inspirational rut.

Customer Reviews

Jennifer Orkin Lewis is a freelance illustrator and textile designer who paints for 30 minutes every day in her sketchbook and posts the results on Instagram. She lives in Irvington, New York.

Absolutely love the content. The instruction, themes and prompts are just what i need to keep me drawing and creating a little bit each day. My review is only 3 stars because the quality of paper is so poor and inappropriate for the recommended media. I'm still on the first month, which recommends black pen and markers and everything bleeds through this thin paper, resulting in a bit of disappointment. If the papers were of higher quality or not double sided, it would be an undoubtedly 5 star product. I don't see how watercolors can possibly work with this.

I love this book! It is beautiful, colorful and rich with prompts and themes. I am a big fan of Jennifer's art and I find her and her work so inspiring. The book has been a great help to me at those times when I have felt challenged or stuck on what to draw or paint. Makes you want to create everyday!

I love the concept of this book. The pages are thicker (do be careful with markers though as they can bleed through with persistent coloring) and the daily prompts are awesome. I've really enjoyed this so far!

This book is a waste of money. One would have to draw the suggested subjects from memory which certainly is not a good way to learn to draw. I was going to return it but by the time I paid the return shipping price, my refund would be too little to make the trip to the post office worth the effort.

I first fell in love with Jennifer's loose and fun style as an Instagram follower. This ends up being a personal sketch book as you are inspired by her quick and easy step by step sketches and then prompts. It's cool because it is paperback but has a lovely dustcover, as well.

I love this book so much! It's beautifully illustrated and such a fun way to get a daily drawing in!

Ok - I'm loving this book - in the review & tool gathering stage and can't wait to start. Love her approach. Will be ordering a second copy ã ã ã

Lots of fun and this book will get you in the habit of drawing and improving your skills.
