I purchased this book for a friend's birthday - he absolutely loved it. Particularly fond of Porsches, I knew that he would appreciate the content - the evolution of the Porsche is greatly detailed as you progress through the book, beautiful imagery coupled with informative text will oblige any car lover. This makes for a great coffee table book or go-to-guide if you need to reference a specific year.

Beautifully produced, very comprehensive history... you will learn lots of history you didn't know before.

just awesome, loved it. this is the best, everything I was looking for. thank you

Great book, just wish it had more descriptions of the different anniversary editions.

This was purchased as a gift for a Porsche enthusiast and was very well received. The book itself is very nice, but physically it has a textbook feel to it.

I got this for my brother, he is a FANATIC about Porsches, and he nearly was speechless when he got it. He said that there are a lot of pictures of rare Porsches that you can't find. He was happy, I was happy.

Solid!

Excellent book for who loves classic sports cars such as Porsche
