Van Life: Your Home On The Road

Synopsis

Showcasing hundreds of funky vehicles, awe-inspiring landscapes, and cleverly designed interiors in tiny spaces from around the world, Van Life is perfect for who anyone daydreams about living on the open road. More and more people—from millennials to baby boomers—are taking a break from conventional life for the freedom, tranquility, and adventure of being on the road and living in a converted vintage truck, camper, or van. One of these vandwellers, Foster Huntington, created the #vanlife hashtag as he chronicled his adventures living in a van while driving it across the country. He tapped into a community of like-minded individuals looking to explore nature at their own pace and live a debt-free lifestyle. Van Life showcases the best crowd-sourced photographs from Foster's tumblr account, van-life.net, many of which have never been posted. Organized into sections like Volkswagen vans, American vans, converted vans, school buses, and more, the hundreds of photos include shots of the unique vehicles, the beautiful locations they've been parked including stunning beaches, dramatic mountains and picturesque forests, fully designed interiors with kitchens and sleeping quarters, and more. Also included are interviews with solo travelers, couples, and families who are living this new American dream.
