Michigan's Best Campgrounds: A Guide To The Best 150 Public Campgrounds In The Great Lakes State

Synopsis

What is the most popular season in Michigan? The camping season! From May through October, millions of people from throughout the Midwest head north with a tent in the pickup or a trailer in tow to spend a weekend (or even the entire summer) camping in Michigan. Michigan has more public campsites than any other state in the United States. Within the Michigan State Park system there are more than 14,000 campsites to choose from. Veteran camper and award-winning outdoor writer Jim DuFresne has viewed almost all of them and guides you to campsites along the beach, next to waterfalls, or on lakes where you can catch trophy bluegill or bass. This comprehensive guidebook is for campers, RVers, and anybody who enjoys the outdoors - from anglers and hikers to morel mushroom hunters and families. It's a must-have resource for anyone who wants to escape the crowds and enjoy the best public campgrounds Michigan has to offer. There are nearly 1300 campgrounds in Michigan. Here are descriptions of the best 150 county, state, and national park and forest campgrounds. This book includes: A complete description of the campground facilities, including type of hookups, number of waterfront sites, beaches, restrooms, and rental cabins. Fishing opportunities available at the campground and in the surrounding area, including boat launch facilities. Hiking trails in the parks, along with other recreational activities from canoeing and backpacking to beachcombing and biking. Maximum campground capacities and how to reserve sites in advance.

I have a backpacking book by the same author and love that as well. My husband and I will get a lot of use from this book just as we already have from his other. Great info, which would be hard to get anywhere else. Thanks Jim DuFresne

If your going to camp in Michigan you need this, for people with Travel trailers and for tent camping I have already booked two site for this summer useing this book.

Nicely described so you know what your getting at these campgrounds.

Great reference for camping

I bought this book on a friend's recommendation and have not been disappointed. We are a family of 5 (kids, 8,6 and 3) that enjoys rustic camping, hiking, kayaking and fishing. This book is filled with campgrounds that fit the bill. The state is neatly divided up in sections which makes it easy to plan a trip. I have often picked up the book just to read about all of the great camping opportunities we have in Michigan. I have been planning many trips in my head for next year. Each campground has a brief description of the overall park or area and basic directions how to get there. There is also a section on campground specifics - how many sites, layout, amenities, which sites are best, etc. Other information includes day-use facilities, hiking, fishing, paddling and when the season runs. Beginner or advanced camper, I think that this is a valuable book for planning a camping trip in Michigan.

This is a great synopsis of the best campgrounds in Michigan. I like that the author has given illustrations on some campgrounds outlining hiking trails and other amenities of the various campgrounds. The information is organized well by regions so it is easy to find a campground any where in the State you would like to camp.

If you live in our great state or plan to visit, this is a must have. We always consult it and plan trips by it.

Excellent product exactly as advertised with fast shipping what more can you ask for!!!
