Black Widow: A Doc Ford Novel, Book 15

Synopsis

A cult of death. A weapon of apocalyptic horror. Juan Cabrillo must stop them both. The "fascinating" (Booklist) New York Times best seller. Some women you love. Some women you hate. Some women you survive. Doc Ford is drawn into a deadly battle when his goddaughter Shay is blackmailed. Someone filmed her at an out-of-control bachelorette party - and they want big money to keep it quiet. When Ford investigates, he finds that the woman responsible is an agent of corruption unlike any Ford has ever encountered before. And she may be the last encounter he ever has.

Customer Reviews

This killed the Doc. Ford series for me. A convoluted story with multiple plots, Caribbean islands with secret orgies, blackmail, and a high priestess who is deformed. But first, wales are beaching on Captiva, so Doc Ford and a cohort race there, jump in the water, get attacked by hammerhead sharks who then are fought off by the wales who change their minds about beaching themselves. Silly. Then mild manner biologist, Ford, who's really a retired CIA spook, jumps a flight to the islands where he pretends to be a visitor, even though the cult knows who he is. No, really. Of course, he meets even stranger people who all either try to kill him or have sex with him, or both. Did I mention there's a lot of sex, but it's so clinical that I'm not sure anything happened. Oh, and our hero runs to the island to defeat the blackmailers, but he doesn't want to shoot anyone because he's a good guy, so he throws them over the cliff instead. Did I mention the rich eccentric who is his ally, gets his hand

ripped off by dogs but never complains? Don't bother.

It seems that Doc Ford is getting a reputation as the go-to guy for anyone who gets themselves into trouble. This time he has to go to a small island with a shady resort that dabbles in blackmail. And that is only the tip of the iceberg! At least he manages to shake his hippy sidekick and add an interesting and useful new friend.

Enjoyed very much. Yes, unbelievable at times, but still a great read. Even though Doc was pardoned, he realizes that he is and will always be a special ops. Loved the "James Bond" character that was introduced and hopefully he'll return. Yes, even though some of the books are getting one or two stars, I'm still enjoying Doc Ford.

I really enjoyed this novel. The characters and plot were captivating. I look forward to reading the next Doc Ford story.

Exciting story of Doc Ford's adventures finding and stopping blackmailers in the Caribbean.

Good story...got a bit boring toward the end. Overall enjoyed it.

Usual high standards from Mr. White - another good read

been a fan of this author for several years. Well written and interesting.
