Race In America

Synopsis

A groundbreaking approach to thinking about race and racism today. Matthew Desmond and Mustafa Emirbayer, authors of *The Racial Order*, have written an undergraduate textbook on race relations for the twenty-first century. Every chapter of *Race in America* examines how racism intersects with other forms of social division—those based on gender, class, sexuality, ability, religion, and nationhood—as well as how whiteness surrounds us in unnamed ways that produce and reproduce a multitude of privileges for white people. Featuring a table of contents that is organized around race and racism in different aspects of social life, *Race in America* explores the connections between individual and institution, past and present, and the powerful and the powerless.

Matthew Desmond is an assistant professor of sociology and social studies at Harvard University. He is the author of *Evicted* (forthcoming from Crown publishing), *On the Fireline: Living and Dying with Wildland Firefighters* (2007), and *The Racial Order* (co-authored with Mustafa Emirbayer, 2015). Mustafa Emirbayer is professor of sociology at the University of Wisconsin—Madison. A past chair of the ASA Theory Section and winner of the Lewis Coser Award for Theoretical Agenda-Setting in Sociology, Emirbayer's research includes historical studies on the teaching of morality and citizenship in American public schools and theoretical studies on race, social networks, culture, agency, collective emotions, the public sphere and civil society, revolutions and social

movements, organizations, and democracy. He is the co-author (with Matthew Desmond) of *The Racial Order* (2015).

Received a book that fell apart (even sitting on the desk cause I never took it to class) and charged me for the price of the book. I have never had an issue like this because I take very good care of my books (I don't even highlight or write in pencil in them). The pages of the books of my classmates also fell apart on them.

Great book and great service!

It was my textbook for the class Race and Ethnic Relations, SOC 305 at NC State. Good textbook. Well written, easy to understand. Includes a lot of history that public school didn't teach me. Will be reading still, although I'm done with the course!

This book's binding is awful. Every time you open it up you risk it falling apart. I'm hoping not to get charged because the binding is so bad.

This was a required textbook for a class, but it is great! It does a great job communicating the specifics about Race in America while keeping it easy to follow and understand.

It's great to have an ebook. Easy to highlight and take notes. Also easy to search through with the search engine.

The book is falling apart. Some pages are not in the book and are mixed up.

Thorough and useful
