Customer Reviews

Perfect size and great puzzles for my soon to be first grader to work on spelling and recognizing words.

I ordered this for my son's 8th birthday, and he love them! On days when he is bored or has used his media time, we like to search for them together. They are perfect for his age, and he really enjoys them. I wish he would play with them more often, but he's a kid and loves the computer!

My 8 yr old son LOVES working on this book. He isn't the strongest reader and lacks self

confidence when it comes to spelling. Instead of turning on the TV, we sit and work on it together. He becomes so proud of himself when he finds that really long word that mommy can't seem to find ;).

Great because have hard backing so can do sitting, in car, etc.

My almost seven year old loves these Highlights puzzle books. They are visually appealing and offer just enough challenge to keep my daughter hooked without frustrating her.
