# Selected Studies: For Cornet Or Trumpet (Rubank Educational Library)

## Synopsis

(Brass Method). These excellent studies are the next step for students who have completed the advanced level method for their instrument. The full-page etudes in this series, key-centered and supported by scale and arpeggio exercises, take the student to that next level of performance wherein their accumulated skills allow them to play full-length performance pieces with a high level of musicianship and competence. As such, many states include these pieces in their all-state audition lists.

## Book Information

## Customer Reviews

Well printed, readable. Good trumpet literature.

A classic 'must' for all young/progressing trpt players.

Very easy to fly through, and has a lot of different etudes in different keys and scales. Great for advanced high school/early college students, and quite useful later on as well.

Just what I needed

I love this book, and I highly recommend it to anyways with at least 4 years of experience.

It wasn't for me, but as a graduation present to friend of mine. He REALLY enjoyed it of all the different etudes that it has. Even though it isn't the hard cover, it is still worth getting. I mean, why pay extra for the hard cover, if you are getting the same etudes on this paper cover book. I STRONGLY RECOMMEND BUYING FROM THIS SELLER!
