Low Volume 3: Shore Of The Dying Light

Synopsis

Stel Caine rises from the depths to the surface of the earth, the first human in millennia to walk on the sun-blasted wasteland. But her daughters aren't far behind, and not everyone shares Stel's hopeful outlook for the future. Will this family reunion reveal the key to mankind's salvation or snuff out the light forever? Rick Remender (Black Science, Tokyo Ghost) and Greg Tocchini (Last Days of American Crime) proudly present the third chapter in the ongoing aquatic sci-fi epic. Tocchini's dreamy renderings, and Remender's confessional tone equips readers to explore the depths of epic grief in this heroine's tale. Cassandra Clark, Multiversity Comics

"Remender and Tocchini have crafted a rich world, loaded with its own deep history, societal norms and resentments." Robert Tutton, Paste Magazine

"Low is so rich with beauty, yet depressing as hell. I love every page of it." Nick Couture, Comicosity

Book Information

Series: Low

Paperback: 136 pages

Customer Reviews

So the story is still very fun to follow but I feel like the art suffered a bit compared to the last two volumes. There are several pages of panels that seem to be rushed when it comes to fitting them in the layout of the pages. It's like the artists rushed trying to size the art and adjusted the images to fit. Because of this, the characters end up looking very squished. As much as it threw me off though, I still love the story and don't feel like I should judge the comic based on that.

I love this comic series! It's an amazing sci-fi/post apocalyptic story line. The colors and art work are also wonderful, I would recommend this for adult readers who enjoy anything post apocalyptic, or even those who are looking for new series to pick up.

If you've read the previous volumes in this epic, often dismal series, then you'll know that darkness and violence are common themes for Remender's "Low." Do not expect to be disappointed here. The story continues and doesn't slow. Left me hungry for more, with a climatic, cliffhanger ending that made me nearly throw my copy at the wall. I will definitely be buying the next volume.

Series keeps getting better the more that you read it. Very happy with this purchase

I love Low. It took me a minute to get used to the art, but the story is there right from the start. This volume ends with a bang and sets up the series for its return later in 2017.

Vol 1 got me hooked and still love it. From art style to the writing its a good read for anyone getting into graphic novels/comics

Great book... too short! This is one of my favorite series.

Came across this series on accident. So glad I did. One of the best I've read.
