WOW! What a relief this book was to my daughter and me. We read this book together and it answered all of the hard to talk about questions. The author brought in scriptures, prayer, and questions at the end of each chapter. The ages suggested for this book were perfect. I used this as a devotional for the both of us. The book covered many more topics kids this age are going through that I was unaware of. I was relieved that we could talk about these things the kids were experiencing in the stories and take the focus off of each other. The book has brought us closer. Thank you Lois for a perfect book for us!
