The Best Of Bova, Vol. 2

Synopsis

The second volume of the best stories from legendary hard science fiction writer Ben Bova, the creator of the New York Times best-selling Grand Tour science fiction series, a six-time Hugo award winner, and past president of the National Space Society. The stories included in this volume span the five decades of Bova's incandescent career at the center of science fiction and space advocacy. Here are tales of star-faring adventure, peril, and drama. Here are journeys into the mind-bending landscapes of virtual worlds and alternate realities. Here you'll also find stories of humanity's astounding future on Earth, on Mars, and in the Solar System beyond - stories that always get the science right. And Bova's gathering of deeply realized, totally human characters are the heroic, brave, tricky, sometimes dastardly engineers, astronauts, corporate magnates, politicians, and scientists who will make these futures possible - and those who often find that the problems of tomorrow are always linked to human values, and human failings, that are as timeless as the stars. Full cast of narrators includes Stefan Rudnicki, T. J. Storm, and Mirron Willis.

Book Information

Audible Audio Edition

Listening Length: 15 hours 33 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Blackstone Audio, Inc.

Best Sellers Rank: #121 in Books > Audible Audiobooks > Science Fiction > Anthologies & Short Stories #417 in Books > Audible Audiobooks > Science Fiction > High Tech #1456 in Books > Science Fiction & Fantasy > Science Fiction > Anthologies

Customer Reviews

Once again, Baen Books has published a volume of Ben Bova's best stories of science fiction. This volume, like its predecessor, is loaded with exciting stories containing fiction and hard science. Some of Bova's most recognizable characters appear in the course of the book, and each story is exciting and interesting to read. Bova tackles such concepts as virtual reality and cryogenic freezing. As with all of his works, the characters are well-developed, and the stories are loaded with science fact and fiction. Fans of Ben Bova won't want to miss this collection of some of his best

work. Highly Recommended.

I stumbled across Ben Bova writing some years back - he reminds me of reading Robert Heinlein stories. At least I can understand and follow along the story - unlike modern Sci Fi writers. This is the second of three collections of Bova. Can't wait for the final volume.

Great collection. Bova is a great writer.

This is nice collection of the author short stories. Some will make you happy, others will tick you off.
