Collecting World Coins, 1901-Present

Synopsis

Over a century of circulating coins! From Afghanistan to Zimbabwe, *Collecting World Coins, 1901-Present*, offers the most comprehensive country-by-country, fully illustrated listing of 20th and early 21st century coins used in everyday commerce on the market. The perfect reference for beginner to expert collectors and dealers interested in circulating coins found around the world, the new edition features complete coin descriptions and more than 18,500 actual-size illustrations to assist in making positive identification. Each detailed listing includes: * Dates, mintmarks and mintages. * Metal of issue. * Actual silver weight or actual gold weight to determine bullion value. * Current market value for more than 500,000 listings. With this 14th edition of *Collecting World Coins*, you will be able to value your collection as well as see modern world history unfold through changes in governments, monetary system reforms, inflationary periods and wars as recorded in international circulating coinage.

Best Sellers Rank: #1,378,713 in Books (See Top 100 in Books) #52 in *Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins*

Customer Reviews

George Cuhaj has served the Krause Publications numismatic staff for 20 years. Before becoming an editor with the *Standard Catalog of World Coins* series he worked for the American Numismatic Society and as a cataloger for Stack's Rare Coins, both of New York City. Cuhaj is past president of the American Medallic Sculpture Association and his art medal creations have been shown internationally. Thomas Michael has served as a market analyst for 25 years at Krause Publications, which holds a reputation for creating the world's best-selling coin books. Michael holds a bachelor's of arts degree in history and a master of arts degree in economics.

My Dad has taken up world coin collecting as a hobby in his retirement years. He was doing all of his research on the web. I gave him this book for his birthday. I knew it was something he would never buy for himself since he could just use the web for free. According to him this book saves him a ton of time, and he likes it very much. He especially appreciates the coin values so he knows what he should realistically be paying or selling for as he makes transactions. If you collect world coins, do yourself a favor and get this book. If you are an expert coin collector with a very high dollar collection I don't know if this guide will be that helpful, but for someone who is only a few years into a hobby like my Dad, this book is great.

This book arrived quickly and is as advertised. It has all the info that I need for looking up coins including instant identifier, monogram and numeral charts to go along with the usual coin values and mintage amounts. The only thing that could make it better for me were if it was printed in color.

Excellent condition. A real bargain.

Great book

I use this book to look up the coin I have from passed purchases and when I am I am thinking of buy a new coin. I am very happy with this book it was good buy.

Very helpful, but still sorted by denomination rather than number, so it is hard to determine sets issued together.

A complete guide of world coins from 1901 to 2011. It was a present for my boyfriend and totally loved it because there wasn't any book like that in Spanish.

Fantastic! it came right away. Perfect condition
