## Customer Reviews

"Known for its four-color maps, photos and illustrations, the [DK] Eyewitness Guides are extremely user-friendly for travelers who want their information delivered in a concise, visual way." • Chicago Tribune "The best option | Color photos, maps, and diagrams bring the place to life." • The Philadelphia Inquirer

This latest DK Eyewitness Guide is an excellent one-stop resource for planning a vacation in Scotland. It offers a terrific combination of pictures, maps, facts and commentary, more than enough to allow the visitor to find not only the major tourist attractions but also some of the unique places and events off the beaten path that may be even more worthwhile as destinations. This Eyewitness Guide includes a nice history of Scotland, up to and including the most recent debate over devolution, as well as practical information on travel, customs, money, safety, and climate. There are some good tips on what to eat and what to get as uniquely Scottish souvenirs. The cut-away sketches and diagrams of castles and other historical sites will increase the visitor's appreciation of some wonderfully interesting venues, such as the castles at Edinburgh and Sterling. The guide even manages to work in a few tips on where to hike. This reviewer and his wife have found previous editions of this guide, supplemented by local maps and the websites listed in the guide, to be entirely adequate to plan and enjoy weeks in the beautiful Scottish Highlands. "DK Eyewitness Travel Guide: Scotland" is very highly recommended.

Didn't really add much more than was covered in the Great Britain book. I was expecting more depth in the "stand alone" Scotland book.

I bought this for my husband and he loves it. It has been very useful for planning a trip to Scotland. He found two or three things in the book that he had not known about previously including the fact that his current credit card would probably not be accepted there. Very helpful guide.

Exactly what I needed for the type of traveling I do. Just stuffed it into my camera bag and brought it

everywhere. Organized in depth info at my fingertips. Most fun are the graphics. Just a delight to read.

I used DK Eyewitness Travel Guide: Ireland on my 2011 trip to Ireland and was very impressed. After comparing many guide books, I again chose DK for my upcoming trip to Scotland. Outstanding photos, accurate historical content, well laid out for easy use makes this guide a must have. Add a good road map and you will have completed a great self help travel pack.

Pretty pictures, nice as a keepsake, but not that easy to read, or find good information. I'll combine this with another guide book for planning our trip next we'll take next year
