David Fitzpatrick is a former Navy healthcare administrator who earned his BBA in Health Services from National University in San Diego, California and his MS in Computer Education from Johnson and Wales University in Providence, Rhode Island. A Certified Microsoft Professional, he also holds Massachusetts teaching licenses in both Business and Instructional Technology. David's 20 years of teaching and educational leadership includes performance in industry as Gateway's Training Team Leader for New England, and in academia as college and career school faculty. Currently, he is a project manager with Electronic Health Records of Rhode Island where he trains medical practices in practice management and electronic medical records software. A proponent of instructional technology and total quality management, David's professional interests also include collaborative and distance learning. He effectively uses synergistic strategies of blending traditional teaching methods with today's learner-centered, teacher-facilitated instructional technologies in real

and virtual classrooms. He recently became honorary faculty in the Alpha Beta Kappa honor which recognizes America's private career colleges and schools. David Fitzpatrick is member of the National Business Education Association and the International Society for Business Education.

Very glad to receive this.

This book is required for one of my classes, but I do not like that you cannot really "practice" the steps. Once you enter something and save it, you cannot undo it. Some exercises are hard to follow and give you "tips" AFTER you have completed the exercise. I have a study buddy and we both agree that it is hard to follow at some points.

Perfect item and transaction !!!!! Thanks !!!!

GOOD used condition. I was the only one in my class who did not pay \$200 for this book new. I only paid around \$9.00 (when you include S&H), plus I had to buy a flash drive. Many students were going to return the new book & buy it off used after our Instructor said a used book was just as good.

Yes the medical manager student edition meet my expectations it's very helpful, percised and understanding the material in every chapter. I recommend it.

I must say I am 100% satisfied with Apex_media. The textbook that I orderedÂ The Medical Manager Student Edition, Version 10.31. I ordered my book on friday Oct.26,2012 and for me it came very quickly on Oct.30,2012. The book came in time for me to use it for class the next day. The seller stated that the book was used and acceptable conditions. I thought that the book was going to look like it had wear and tear instead it was in GOOD condition. Thank you :-)

Do not rent book got lost via mail and charged be a huge amount. To my card, this service was horrible and failed to meet my standards when they have done so many times before. I don't even want to deal with purchases for the rest of my life. Lack of customer service biggest rip off ever.

Great learning tool!
